

MASTER OF SCIENCE IN **TECHNOLOGY MANAGEMENT**

NORTH CAROLINA A&T STATE UNIVERSITY **SCHOOL OF GRADUATE STUDIES**

The Master of Science in Technology Management (MSTM) is dedicated to solving complex technological problems and developing the competitive technologist & applied engineering workforce.

Our program emphasizes an interdisciplinary approach to your course of study, along with skills acquisition and professional practice. If you are interested in computer networking, systems administration, power and renewable energy systems, robotics, website design, computer animation, graphic design, printing, geographic information systems, architectural design, measurement and estimating, project management, contracts administration, cost management, construction structures, building information modeling, residential and commercial construction, safety, industrial hygiene, fire safety, manufacturing safety, construction safety, operations management, supply chain management, automation management, or material handling, then this degree is for you!

RESEARCH & TEACHING LABORATORIES

- Construction Management Planning Laboratory
- Soil Laboratory
- Manufacturing Execution System (MES) Laboratory
- Rapid Prototyping Laboratory
- Cisco Networking Laboratory
- Electronic Imaging Laboratory

FUNDING OPPORTUNITIES

The University currently funds some assistantships and may have financial assistance for tuition remission and stipends. The University's Office of Financial Aid may also have assistance opportunities. Financial aid is based on merit and availability of funds.

RESEARCH AREAS

Global Positioning System
Information Security
Operational Research
Energy Security & Sustainability
Industrial Hygiene
Wireless and Mobile Networks

EMPLOYMENT OPPORTUNITIES

Graduates of the program find employment in manufacturing, electronics, graphic design, construction companies, government agencies, and large multinational firms. Examples of companies that hire our students are Kiewit Construction, Balfour Beatty Construction, John Deere, Cummins, IBM, Northrop Grumman, MTV Network, Accenture Consulting and Hallmark Cards just to name a few. Many of our graduates go on to doctoral work at universities such as Purdue University, Indiana State University, and others.
