Fundamentals of Engineering (FE)

Review Course for Engineering Intern Certification

GENERAL DESCRIPTION

This course is designed to provide intensive review for the NCEES Fundamentals of Engineering Examination (FE). The course will follow a standard refresher text including lecture and problem solving components and will conclude with a mock examination.

OBJECTIVES

Review Topics:

Chemistry

Mathematics

Thermodynamics

Statics

Mechanics of Materials

Electric Circuits

Engineering Economics

Fluid Mechanics

Dynamics

Materials Science

Structure of Matter

Ethics

Computers

WHO SHOULD ATTEND

The review course is structured primarily for those persons who are planning to take the NCEES-FE Examination to obtain Engineering Intern Certification.

COURSE SCHEDULE

This course will be held on 10 Saturdays, 8:30 a.m. to 12:30 p.m., February 3 - April 14, 2007, Lecture Room 1, McNair Hall.

TUITION

Preregistration is required. The full registration of \$499.00 must be paid by the first class meeting. Tuition may be paid by check (please make all checks payable to NC A&T State University) credit card (Visa, Mastercard and American Express accepted), or cash. THERE WILL BE NO REFUND AFTER THE FIRST CLASS MEETING.

TEXT

FE review Manual: Rapid Preparation for the General FE Exam, Michael R. Lindeburg, PE

INSTRUCTORS

Instructors are faculty in the College of Engineering at North Carolina A&T State University, many of whom are registered professional engineers.

CONTINUING EDUCATION UNITS

Continuing Education Units (CEU) will be awarded upon course completion. The CEU is a nationally recognized unit

of measurement designed to record an individual's participation in noncredit activities. One CEU represents 10 hours of instruction.

FE EXAMINATION REGISTRATION

To register for the NCEES-FE Examination a complete application, including support documentation, must be filed with the NC State Board of Registration for Professional Engineers and Land Surveyors at least two months prior to the examination date.
