Students Inspiring Success Through Education, Reform and Service

Women’s Mentoring Program
S.I.S.T.E.R.S. is a mentoring program designed to promote overall academic and social development in female students at North Carolina Agricultural and Technical State University. This program will foster intellectual, personal, and professional growth while promoting positive relationships and excellence in womanhood. The goal of the program is to foster an understanding and appreciation of womanhood and women’s societal roles.

### Mission

- Procedural, decision-making knowledge of degree and major selection
- Provide awareness and utilization of campus educational resources (i.e. tutorial, supplemental instruction, faculty interaction, etc.)
- Help foster positive peer relationships for academic and personal growth (i.e. study groups, group advising, workshops, etc.)
- Identify strengths and areas of improvement for personal growth and development
- Development of personal and academic responsibility

### Goals and Objectives

- Study Skills Workshops
- Life Skills Workshops
- Time Management Workshops
- Leadership Empowerment Sessions
- Etiquette Workshops
- Community Service Projects
- Establish partnerships with NC A&T campus organizations
- Participate in Campus Lectures and Forums
