

REGISTRATION PROCESS

10-Minute Walk-In Resume Critique

Can you spare
10 minutes?

That's all your
resume needs!

AggieLink Account – Update/Activate

InterviewStream – Mock Interview

MyPlan – Career Assessment

Students currently enrolled in a degree-granting program and graduates of the University can register with the OCS.

REGISTRATION

Update or create a profile in AggieLink – Profile includes the: personal, academic, privacy consent, and password sections. Opt into the text messaging alert system to receive IMPORTANT announcements from OCS.

TO PARTICIPATE IN ON-CAMPUS INTERVIEWS AND APPLY TO JOB POSTINGS

Develop and upload a resume into your AggieLink account – To ensure the best resume possible, use the resume templates available in AggieLink and/or visit the office to participate in a 10-minute walk-in resume critique prior to uploading it to your account. Please bring a hard copy at the time of the review. Once uploaded to your account, it will automatically be approved.

OTHER RECOMMENDED ACTIONS

- ✓ **Attend an on-line Orientation** – To access the orientation schedule and RSVP, log into www.ncat.edu/careerservices, then click Students > AggieLink > Calendar > Events > Orientation. Each session lasts approximately 45 minutes.
- ✓ **Complete a Career Assessment** – Newly admitted freshmen or transfer students are required to take a career assessment via MyPlan. However, assessments are open to all students. The code to take up to three free assessments is listed on the main page of AggieLink in the “News Feed” section. Go to www.ncat.edu/careerservices > Students > AggieLink. Afterwards, go to MyPlan at www.ncat.myplan.com > Assessment > New User. Enter the code when prompted.
- ✓ **Complete InterviewStream** – This is a web-based virtual mock interview practice tool. To access it go to <https://ncat.interviewstream.com>. First time users will need to enter their N.C. A&T email address and click forgot password to create an account. To ensure the best functionality, use the internet browser Mozilla FireFox or Google Chrome.
