

PSYCHOLOGY STUDENTS

We are seeking participants for a research study:

Examining the Cognitive Mechanisms of Information Integration in Speech Perception

Participants in this experiment will listen to sounds and make simple responses using a keyboard. The experiment will take no more than an hour. You may receive extra credit in your Psychology course.

You must be 18 years old to participate

If interested, contact
Dr. Joseph Stephens, Principal Investigator
Psychology Dept., New Science Bldg. Room 364
