Dear Student:

This notice is a reminder that distance learning courses (online courses) will be charged in addition to the charges for on-campus courses.

Students enrolled in a mix of distance courses and on-campus courses will be charged for distance courses in addition to the charges for on-campus courses. For example, if a student is enrolled in 9 hours of on-campus courses and 6 hours of distance courses, the billing statement will reflect charges for 9 hours assessed at the on-campus rate plus charges for 6 hours assessed at the distance learning rate. If a student is enrolled in 12 hours of on-campus courses and 3 hours of distance courses, the billing statement will reflect charges for 12 hours assessed at the on-campus rate plus charges for 3 hours assessed at the distance rate.

If a student is enrolled only in distance courses - all courses will be assessed according to the distance rates. If a student is enrolled only in on-campus courses - all courses will be assessed according to the on-campus rates. In order to benefit from the cap on full-time campus rates, you must enroll in at least 12 hours of on-campus courses (9 hours for graduate students) and not be in any distance learning courses. This policy is in compliance with the tuition and fees policy set forth in the UNC Policy manual.

During the registration process, please note whether the course you select is taught on campus or online. Additionally, please review your bill and check your Aggie Access Online account regularly. Your student account will reflect the separate charges for any distance learning courses for which you have registered. If you are assessed distance learning charges for a course that you were not aware was a distance learning course, you must drop the course immediately if you do not wish to pay the additional charges.

Please contact the Treasurer's Office at (336) 334-7721 if you have any questions regarding this matter.

Sincerely,

Angela DuBose
University Treasurer
