Review/Approval Status of Courses Submitted for Inclusion in the NC A&T State University General Education Curriculum

Original Version: April 26, 2012 | Revised: June 15, 2012

The following courses have been reviewed for inclusion in the NC A&T State University general education course list. Only courses with status “A” have been approved by both the General Education Review Task Force and the Faculty Senate. Courses designated with status “CA” have been “conditionally approved” by the General Education Review Task Force but will require revisions to the original application (and additional review and approval by the General Education Review Task Force) before the course is forwarded to the Faculty Senate for review and approval for inclusion in the general education course list. Courses designated with status “R” have NOT been approved by the General Education Review Task Force for inclusion in the general education curriculum. The General Education Review Task Force has forwarded review comments to the chairs of departments with courses in this category. After reviewing the comments, departments may re-submit application packages, if appropriate.
