Camp Objectives:

- Help nurture the thought process required for engineering design and computer programming

- Introduce students to the Computer Hardware and Software Design process through hands-on activities and projects

- Develop applicable engineering and interdisciplinary skills

Sponsored By: (intel)

Camp Details:

- Concentration Area: Electrical and Computer Engineering

- Grades: 11-12

- Duration: 4 Weeks (July 8th–Aug 2nd)

- Cost: $95

Contacts:

- Dr. Kory Bennett (Kory@ncat.edu)

- Gabriel Popoola (gapopool@aggies.ncat.edu)

Registration Form:
