Building on a Tradition of Excellence and “Aggie Pride”
Welcome to the 3rd Annual Gibbs Conference and Lecture hosted by the History Scholars and the Department of History. This lecture and conference forms the core of student professionalism and learning within the history department at North Carolina A & T State University. Students, faculty and members of the Greensboro community who participate in this annual event have demonstrated a commitment to a life of teaching and learning of history through lectures, seminars and conferences such as this one. They are also committed to involvement in innovative research, teaching and community service as well as collaborative research which results in service learning.

The primary goals of this annual event are to foster student and community learning as well as to cultivate intellectual curiosity among high school, community college and undergraduate students. We also seek to prepare this generation of students to be scholars by developing their skills in written and oral communication, as well as reasoning, critical thinking, intercultural and global awareness, and scholarly research. By helping create an understanding of the past, we seek to inspire informed and engaged students and citizens.

Furthermore we welcome you to the 3rd Annual Gibbs Conference and Lecture and hope you find it rewarding and informative and leave with a commitment to a “Life of Learning.”

2016 marks the third time that the Department is combining the Gibbs lecture series with the History Scholars, a student conference organized by students in the Department of History.

For 26 years, the Gibbs Annual Lecture has been held to commemorate the fourth President of NC A&T State University, Dr. Warmoth T. Gibbs. Dr. Gibbs served as the head of the university during the 1960 A&T Sit-In Movement. Despite attempts by state governmental officials to expel the Greensboro Four, Dr. Gibbs resolutely responded that at A&T, “we teach our students how to think and not what to think.” This sentiment continues to serve as the guiding force of the annual Gibbs Lecture.

The Annual Gibbs Lecture takes place around Dr. Gibbs’ birthday on April 5th. Scholars with expertise in African American history and in the civil rights movement, along with associates, friends, and other scholars with connections to Dr. Gibbs have given lectures commemorating this occasion on various subjects.

Warmoth Thomas Gibbs was born in Baldwin, Louisiana on April 5, 1892. He earned the A.B. from Wiley College in Marshall, Texas, the A.B. in political science and history from Harvard University, Cambridge, Massachusetts and the Ed.M. from Harvard University. Gibbs enlisted in the United States Army during World War I and became one of the few black officers of that time. Serving as a second lieutenant with the predominantly black 92nd Division Expeditionary Force, Gibbs saw battle in France in 1917 and 1918 before returning to the United States in 1919. In 1926, Gibbs began his career at the Negro Agricultural and Technical College of North Carolina, now North Carolina Agricultural and Technical State University, as head of the military service unit and head of General Educational Studies. Dr. Gibbs became president of North Carolina A&T State University on November 9, 1956. During Dr. Gibbs’ administration, A&T experienced phenomenal growth. His administration oversaw the dramatic sit-in movement begun by the Greensboro Four—Jibreel Khazan (formerly Ezell Blair), Joseph McNeil, the late Franklin McCain, and the late David Richmond. He supported the student activists instead of yielding to state pressure to expel them. In 1966, Dr. Gibbs wrote A History of The North Carolina Agricultural and Technical College, which records the history of the university from its beginnings as a land grant institution to Dr. Lewis Dowdy’s administration. On May 23, 1960, the role of President Emeritus was bestowed upon him. Dr. Gibbs died at the age of 101 on April 19, 1993.
