## **We've Changed our Name to Watermark!**

We're now called Watermark! Taskstream, Tk20, and LiveText joined forces in 2017 and are now united under a new company name: Watermark™.

Defined as a mark of identification and visible when held against the light, watermarks serve as stamps to validate authenticity, benchmark progress, and demonstrate a commitment to quality. Together, our mission is to put better data into the hands of administrators, educators, and learners everywhere in order to empower them to connect information, discover trends, and gain insights into learning to drive meaningful improvements.

We welcome you to the Watermark family and look forward to serving you well into the future. To learn more, we invite you visit [www.watermarkinsights.com](http://www.watermarkinsights.com), where you can read our blog and explore our resources.

Thank you,  
The Watermark Team
