125 years of investing in ourselves and others
For 125 years North Carolina A&T State University employees commit each day to making N.C. A&T a superior institution. We go above and beyond our call of duty to provide the services needed to strengthen our university and serve the needs of our students. At the same time, our financial contributions allow A&T to continue its mission towards Preeminence 2020, because that’s what AGGIES DO.

Last academic year, in support of our annual University Employees Campaign (UEC), we committed over $266,000 to our beloved A&T – nearly $20,000 more than what we delivered the year before. I appreciate your personal financial commitments to our university. Employee contributions have allowed us to further develop our academic units and athletic programs, enhance The Bluford Library, and provide much needed support for our university’s most pressing needs, including student financial aid.

This year, we celebrate 125 years of our beloved A&T. While our UEC goal is $215,000, the university has established a goal of raising $1.25 million for student scholarships. With your help, we will meet or exceed this goal. Gifts made toward any scholarship will be counted.

Additionally, an anonymous donor has pledged to match – dollar for dollar – gifts designated to any scholarship fund up to $125,000 from first-time alumni donors. If you are an employee or retiree of the university as well as an alum who has yet to make a gift to A&T, you are encouraged to take advantage of this opportunity to help improve the lives of students. Furthermore, if you have a spouse who works for or is retired from a matching gift company, the value of your gift to A&T could be doubled or tripled.

Designating your gift to any named, endowed, current use, academic, athletic, extracurricular, or general scholarship fund will help us reach our goal and change the future for an A&T student struggling to meet the rising cost of an education. We must provide the resources our scholars need to embark upon new and innovative learning opportunities. I ask that you join me again this year and participate in our UEC via payroll deduction. It helps make giving easy.

Faculty and staff gifts to the university speak volumes about A&T as a place for philanthropic investment and shows your pride in our institution. Your participation, irrespective of the amount of your gift, is important to the next 125 years of our university. I am counting on your personal commitment again this year because that’s what AGGIES DO. Please accept my invitation to continue your investment towards 125 more years of A&T. By working together, we will emerge stronger than ever. I thank you in advance for supporting our dear North Carolina A&T State University, because that’s what AGGIES DO.

Aggie Pride!

Aggie Pride!
