

Dear Fellow N.C. A&T Alumni,

I am happy to serve as your new chair of the National Alumni Association Board of Directors. As a proud Aggie and former chair of the Board of Trustees, I can assure you that I share your love, passion and dedication for our alma mater.

We are a few short weeks away from "*The Greatest Homecoming on Earth.*" As this event continues to grow in popularity and attendance every year, we each must do everything we can to ensure it remains a safe and enjoyable event for all Aggies and friends.

Your feedback has been shared with me and I truly appreciate and understand your concerns regarding the changes to the Greek plot area. On behalf of the National Alumni Association Board, we are in full support of the changes, as they represent growth, organization, and most important safety.

We ask that you please review the information provided on the Homecoming [website](#) with hopes that it will answer any questions you might have concerning the changes to the Greek plot area. It is important that all alumni have accurate information on this issue and that the message is clear – safety for all is the primary reason for these changes.

Please help us get this message out by sharing it on your distribution lists and social media conversations. Also, ask other alumni to do the same. With your help, we will make Homecoming 2015 truly, the greatest.

In the Essence of Aggie Pride,

Pam McCorkle Buncum '81
Chair, Board of Directors
North Carolina A&T State University Alumni Association, Incorporated

"No Steps Backward"
