

## Mechanical Engineering – Systems Engineering, MS

College of Engineering

**Graduate Coordinator:** John Kizito

**Email:** [jpkizito@ncat.edu](mailto:jpkizito@ncat.edu)

**Phone:** 336-285-3747

**Department Chair:** Frederick Ferguson

**Email:** [fferguson@ncat.edu](mailto:fferguson@ncat.edu)

**Phone:** 336-285-2135

---

The Mechanical Engineering master's program provides advanced level study in distinct areas of specialization such as mechanics and materials, energy and thermal/fluid systems, design and manufacturing, and aerospace. The program prepares the graduate student for doctoral level studies or for advanced mechanical engineering practice in industry, consulting or government service.

### **Additional Admission Requirements**

- Unconditional admission requires an engineering undergraduate degree from an ABET accredited mechanical engineering program

### **Program Outcomes**

- Students will develop advanced critical thinking skills by solving complex and challenging problems in mechanical engineering, mathematics and the physical sciences
- Students will communicate effectively by conveying their ideas, both orally and in written form, in accordance with acceptable published standards
- Students will demonstrate their ability to perform research by generating a thesis of an original idea and publishing technical papers under the guidance of an academic advisor
- Graduates will engage in professional activities by attending conferences, presenting papers and serving various roles in professional organizations

### **Degree Requirements**

Total credit hours: 30

- Core courses (9 credits): MEEN 601, 643, 716
- Systems Engineering Core (9 credit hours): SYEN 605, 710, 715
- Systems Engineering Electives: Take 9 credit hours from: MEEN 614, 619, 652, 669, 680, 815
- MATH electives (3 credits): Take 3 credit hours from MATH 650, 651, 652
